

3M™ Overhead Projectors 1600 Series

Brand Promise

For people who value a durable full-featured projector at a great price. 3M™ Overhead Projector Models 1608, 1620 and 1650 promise cost efficiency, durability and we feel confident they will be a leading choice in the price sensitive overhead projector market because of heavy steel construction, overall number of feature with no assembly required.

standard features:

- 11.25" stage • Lamp changer • Color Tuning Dial • CE/TUV/UL/cUL approved
- High/Low switch • 360° degree rotating head protection • No assembly required

3M™ Overhead Projector Model 1608

The 3M™ Model 1608 may be low in cost, but it's still packed with the features you need to deliver clear, bright images in your classrooms and presentations. The extra sturdy construction delivers years of reliable use.

- 2,000 ANSI lumens
- EHJ lamp
- Open singlet head

3M™ Overhead Projector Model 1620

When you demand higher performance, the open triplet projection head on the 3M™ 1620 provides sharp, defined images at a surprisingly affordable price. Designed to be versatile and durable, this projector has a 13" focal length for use in larger rooms.

- 2,100 ANSI lumens
- EHJ lamp
- Open triplet head

3M™ Overhead Projector Model 1650

For your extremely high-quality visual presentations, the 3M™ 1650 dazzles your audiences with 3,400 lumens of brightness projected through a three element head for maximum visual clarity. With rugged, long-lasting construction, this fully functional projector is so easy to use that operating it won't distract your audience from the substance of your message.

- 3,400 ANSI lumens
- EVD lamp
- Open triplet head
